## Warcraft III RoC TFT V1.29 Complete Repack

February 25, 2018 - A new patch is being prepared for warcraft 3, when it is of course hacked, I would like to repack it with more maps and tower defense mod. There is currently a tower defense mod that I am going to use during the packaging process. I have already finished packing the cards and their modifications, and now I will use the tower defense mod to pack the cards.

Once the mod is ready, I plan to put it on GitHub and start a fundraising campaign to get funding. Now you have such an opportunity. If you'd like to contribute, please do so because it will help my work.
