# Smart File Renamer

## Smart File Renamer Crack+ Keygen Full Version Free For PC

Smart File Renamer Serial Key is a lightweight, yet powerful tool designed to provide you a complete solution for batch renaming your files. Simply specify the desired rules and add necessary filters and the app can rename more than one thousand files at a time in a single go. Supports smart rules and custom filters The setup is a quick and straightforward process that does not require any special attention on your part. As indicated in the main window, you can get started by specifying the directory you want to manage, action that you can perform by browsing through the drives or with a simple drag and drop. The app comes with a modern and fresh interface that is split into two main sections, one where you can preview the content of the folder and another where you can add the desired rules and custom filters. As far as rules are concerned, you can replace, remove, insert, trim, keep, reverse, new name, add number and change the case for the desired files. To make sure you are batch renaming the right files, you can use filters to select files with the same name, extension, size, date created or date modified. Lastly, you can specify if you want to move the files to a new location after processing. A straightforward, yet advanced file renaming tool In the eventuality that you made a mistake, do not fret, as the program comes with an undo function that lets you revert your previous actions. Alternatively, you can take advantage of the live preview function to check out the name before actual renaming. All in all, Smart File Renamer Serial Key is a tool that can come in handy for designers, writers, photographers and anyone else whose job entails working with hundreds or thousands of file at a time. Regardless of whether you need to add a few words at the end or beginning of the file or perhaps you want to remove some characters, the app might be worth a try. Smart File Renamer Cracked Accounts is a lightweight, yet powerful tool designed to provide you a complete solution for batch renaming your files. Simply specify the desired rules and add necessary filters and the app can rename more than one thousand files at a time in a single go.
